Madden Files Counter Suit.

John E. Madden, the prominent Lexington turfman, who is defendant in suit for divorce brought by his wife in Cincinnati, has filed suit in Lexington asking divorce and custody of the children. He charges abandonment, and also that his wife has been associating with Louis Simons, formerly his foreman, and with Louis V. Bell, son of the late millionaire, Isaac Bell. He also charges that she is not the proper person to have the care of two boys.

Dog Saves Life of Child.

A courageous and faithful Shepherd dog saved the life of an adopted son of Capt. F. E. Nelson, of near Austerlitz, about five miles from Paris, on Wednesday afternoon. The child accompanied by the dog, its play-fellow, was playing in a lot near the house where a vicious sow had been turned in. The animal became enraged and attacked the child, severely bruising and lacerating it.

The child's screams brought the dog charging to its rescue. Like a whirl-wind he attacked the enraged porker from all sides at once, and after a fierce fight routed it. Then he returned to the child's side and stood guard until help arrived. The child was brought to this city, where it received medical attention.

MARRIAGES.

—Mr. J. R. Butler and Miss Lula Kimbrell were married Wednesday afternoon at two o'clock at the residence of Dr. E. H. Rutherford, the officiating minister. Mr. Butler is the son of W. O. Butler, of near this city, and the bride is the daughter of Mr. Jake Kimbrell, of Kiser-ton, this county. After the ceremony the happy couple drove through to Nicholas county, where they will visit relatives.

**A REAL COMFORT
for every home.**

Many comforts and conveniences for the
home are denied the masses of the people
for the reason of their expense. There is,
however, one comfort that is in the reach
of every family from the day-laborer to
the millionaire, an article which is needed
and can be used to good advantage every
day. This article is PARACAMP, First Aid to the Injured, a combination
of cooling, soothing, healing oils and
camphor, especially prepared to quickly re-
lieve the aches and pains of every member
of the family. Mothers of course realize
the necessity of such an article in their
homes, and as the use of Paracamp has
proven that it is far superior to and more
useful than Arnica, Witch Hazel, Vase-
line, Liniments, etc., it is to the interest
of every mother to try Paracamp at once.
Paracamp is absolutely pure, clean and
safe and its powers for quickly relieving
and curing pains and aches are truly re-
markable. Don't hesitate; try Paracamp
to-day. Every bottle is guaranteed. Trial

Paris, Ky., Friday, July 14, 1905.

"WEEDS are actually taking the town," remarked a well-known citizen of Paris yesterday and we were compelled to agree with him. For instance, we cite you to one of the most frequented cross-street in the city, on Ninth, between Main and High. The sidewalk on the side of the opera house has as fine a crop of all kinds of weeds as could be found in a month's travel. In going and coming from the Christian church the dear ladies say the nasty weeds just ruin their pretty white dresses. The opera house company is asleep, the house is not rented nor is anyone booking shows for next season. It has been suggested that they rent the house out for a tobacco barn, for the renter could raise a fine crop, judging from the crop of weeds now being raised by the opera house company on their pavement.

This is not the only street, just take a peep at any of the cross streets and then take a little drive out Cypress. The streets of Millersburg, Riddles Mills and North Middletown look like some well-kept city park compared to some of the Paris streets when it comes to weeds.

THE Grand Lodge of Elks, now in session at Buffalo, N. Y., did the proper thing when they elected by acclamation that prince of good fellows, Robert W. Brown, Grand Exalted Ruler of America. "Bob" Brown is managing editor of the Louisville Times, and the composition in his make-up is composed of all the good qualities that goes to make one of the "finest of the fine." He is a former President of the Kentucky Press Association, and his election to this high office by the Elks is not only a well deserved honor to himself, but to the Kentucky press and to the State at large.

THE Republican press of the State is very much elated over Powers being transferred to the Federal Court where he is bound to "get justice and be acquitted." It is enough to make one weep, when you think who is going to select the Federal jury. Nobody but the Honorable Ex-County Judge, Ex-City Collector, Ex-Lexingtonian, Ex-Confederate Soldier, Ex-Democrat Steve Sharp, now the Republican United States Marshal. Can any sane person believe that justice will be dealt out to Powers in the Federal Court under such circumstances? Nit! It is a travesty on the word "justice."

THAT this is an age of graft could not have been demonstrated better than by the investigation into the affairs of the Equitable Life Insurance Company, of New York. It shows that the policy holders have been robbed without mercy. It also shows that Senator Chauncey M. Depew has, for the past twelve years, been paid \$24,000 a year for looking pleasant. No service whatever was rendered by him.

MAYOR HEMBOLT, of Newport, when he undertook to dictate to the Jailer of Newport as to what cell Caleb Powers should occupy, first lost his head, then his teeth and it all probability will lose his liberty before the Federal Court gets through with him for interfering with "Uncle Sam's" prisoner. Most any other Democrat would have known better. His sentiments were alright, but his judgment bad.

WE heard a gentleman ask the question the other day, "Why doesn't some Minister have the courage to announce that during the three summer months there will be no sermonizing?" To be candid with you, we don't know, unless the Ministers think that the hot season is the time when exhortation is needed for the exercise of patience and the humble acceptance of the dispensations of the period.

A KANSAS girl offered "three kisses and a hug" as a reward to the man who should break the record in the wheat harvest on her father's farm. Now, if one of our handsome Bourbon girls had been enterprising enough to have offered such a reward it would have certainly taken us "back to the thistles," although it has been many years since we did a day's work in the harvest field.

Great Reductions in Misses' and Children's Slippers.

Freeman & Freeman,

334 Main Street, - - - Paris, Kentucky.

HERE ARE THE WINNERS!

The first prize, the dandy little Bucks' Junior Range, was won by MAYME STIVERS.

The second prize, the Misses Rocker, was won by CAROLINE ROSBERRY.

The third prize, the Parlor Lamp, was won by LENA SALLEE.

A. F. WHEELER & CO.

These "10 Reasons Why" Won First Prize.

- Mamma should use a Buck's Steel Range in preference to all others.
- 1st.—The Buck's Steel Range has been used in this and other countries for over fifty-eight years. Now if it is not just what it is claimed to be in every respect, how could it over-sell all other Ranges? Because it can't be beat.
 - 2nd.—It is so attractive in appearance. I tell you mamma it is a beauty, and you know "a thing of beauty is a joy forever."
 - 3rd.—The Buck's Ranges and Stoves will afford more solid comfort in a home than any other, because they will come up to be in every respect just what is claimed of them. Experience is the truest teacher.
 - 4th.—They HAVE spoken, do speak and WILL speak for themselves.
 - 5th.—The Buck's Steel Range is so beautifully constructed; examine it thoroughly, I am sure you can't find an objection. The heavy and perfect nickeling, the contour, style and graceful curves will never grow old, and will please you more and more every meal you prepare. Try one?
 - 6th.—One of the most important features of this Range is the oven. It is white enameled, also the doors and racks, something you will not find in any other Range, giving it the power to do more perfect baking than the ordinary oven, and rendering it more easily to be cleaned and kept clean and sweet. You will say after using this oven, that it is indeed in itself a Gem.
 - 7th.—Another important feature of these Stoves and Ranges is the hot blast linings. The fire box is so constructed as to cause combustion of fuel from both sides and end with jets of hot air. All the gas is consumed by reason of the ventilated linings. Therefore it will save you from 25 to 33 1-3 per cent. less fuel than any other Stove or Range in the market.
 - 8th.—Now the best reason of all, why mamma should use the Buck's Steel Range in preference to all others, is this, when we children are dirty, she will not have to worry and fret and say "You children need a bath, and there is not enough hot water." Just step in the kitchen and take a peep at the beautiful white enameled reservoir. There you will find plenty of hot water for the whole family and some for the neighbors, too.
 - 9th.—Now I must call her attention to the ash pan. Like all mammas, she will worry when she gets ashes on her stove and on the floor. But such will not be the case if she uses the Buck's Steel Range. The ash pan is extra large and made in such a way that the ashes cannot fall into the pan. These stove are also made to burn wood or coal, the change being easily made by turning the bottom grate. When papa does not get home in time for his meals, they can be placed in the warming closet and be all O. K. when he gets in. Now don't forget the Buck's Stove and Range Company guarantee their Stoves and Ranges to be just as represented.
 - 10th.—Oh, the Buck's Hot Blast is a stove of the past, A stove of the present, the future, Its excellent qualities are gaining the day, Step down and buy one, it will suit you.

The "10 Reasons Why" Won Second Prize.

- 1st.—If Buck's Ranges were not superior to all other makes, why would the majority of America and foreign countries persist in purchasing, using and recommending them?
- 2nd.—Because Buck's Ranges have such an attractive appearance, being an article of adornment to any kitchen.
- 3rd.—Because your cook will be sure to stay if you give her a Buck's Range to cook on.
- 4th.—Because Buck's Ranges do not look old and shabby soon, and do not wear out easily.
- 5th.—Because the ovens of Buck's Ranges are white enameled, thereby making them the easiest kept sweet and clean, and keeping and reflecting the heat.
- 6th.—Because Buck's Ranges are sold and warranted by A. F. Wheeler.
- 7th.—Because the tops of Buck's Ranges have an extra brace to prevent deflection.
- 8th.—Because a Buck's Range burns less fuel on account of the asbestos lining in the flues and extreme bottom oven plate, which causes heat to be used in baking instead of being radiated into the room.
- 9th.—Because the grate of a Buck's Range is so constructed that you can burn either wood or coal.
- 10th.—Because Buck's Ranges are the best made and are everything the makers claim them to be.

These "10 Reason Why" Won Third Prize.

- 1st.—Because mamma's old stove is worn out.
 - 2nd.—Because Mr. Wheeler sells it and he is the leading stove merchant of Paris, and when you buy anything from him you know it is good.
 - 3rd.—The oven is white enamel inside and the biscuits taste better and cook quicker.
 - 4th.—We ought to have a Buck's Range because it cooks with less coal and keeps the house cooler in the summer time.
 - 5th.—Because a good cooking stove preserves the cook's temper and she would give us better meals.
 - 6th.—Because they have been in use so long, and are so popular, we know they are good.
 - 7th.—Because they do not burn out quick and you don't have to be buying stoves every two or three years.
 - 8th.—I think mamma ought to buy a Buck's Range, for when we get home from school we would have such nice warm meals.
 - 9th.—Because the ash pan is so large I would not have to carry the ashes out every time the fire was made.
 - 10th.—There is a large family of children of us and the large reservoir would afford us such nice warm water on bathing days, Wednesdays and Saturdays.
- Ten reasons are easy to find I could find twenty more.

A Grim Tragedy

Is daily enacted in thousands of homes, as Death claims in each one, another victim of consumption or pneumonia. But when cough and colds are properly treated the tragedy is averted. F. G. Huntly, of Oakland, Ind., writes: "My wife had the consumption, and three doctors gave her up. Finally she took Dr. King's New Discovery for consumption, coughs and colds, which cured her, and today she is well and strong." It kills the germs of all diseases. One dose relieves. Guaranteed at 50c and \$1.00 by Oberdorfer, the druggist. Trial bottle free.

Sunflower Philosophy.

[Atchison (Kan.) Globe.]

The house is too noisy for comfort with a child in it, and too lonesome for comfort when the child leaves, so there you are.

There are some unreliable travelers, and some unreliable parents, but every person who goes to sea is seasick, and every little baby has colic.

When a woman is an amateur horse-back rider she appears to as bad an advantage riding on the main street as an amateur singer in public.

When a man gets discouraged and commits suicide he thinks he has discharged his duty to his family by asking other relatives to "be good" to them.

When we don't want to flatter a woman too much about her children we say they look like their father, and then she looks as if she ought to be pleased, and isn't.

An Atchison woman's answer to her friends' objections to her going away from home so much is that the only time her husband kisses her is when she takes a train.

There is a decided coolness between an Atchison man and his wife. In discussing the Bible the other day the woman said she believed the story that the whale swallowed Jonah and the one about Daniel in the lion's den. &c. The man is mad because she believes those big stories and will not believe the little ones he tells her.

BROWER'S

More Care and Attention

Is being given at the present time to the decorating and furnishing of the interior of the home in a comfortable but artistic manner than at any other period in the history of our country.

This fact is attested by the numerous magazine articles and by magazines themselves devoted exclusively to this purpose that have lately appeared.

Our aim has been to keep our stock of furniture, floor coverings, etc., up to the minute, and at the same time to study how best to show you the existing styles.

With this end in view we have furnished three rooms representing three historical periods, the Italian Renaissance, Empire and American Colonial.

We believe that these rooms will be of interest to you and cordially invite you to inspect them at your convenience.

Paris Boy Prospering.

We have received a letter from Wm. E. Sweeney, of Buffalo, Wyoming, ordering a copy of the Extra edition of the News which will soon be issued from this office. Mr. Sweeney is the son of Elder J. S. Sweeney, of this city, and is fast climbing to the topmost round in the profession of law in his new home. We take the liberty of publishing an extract from his letter, viz:

"As you will see by the card, I have formed a partnership with T. P. Hill, a son of Col. T. P. Hill, of Stanford, Ky. We have just finished building us a new office building and are getting all the practice we can handle.

"Wish you could take a fishing trip with me. The season is just getting good and trout are very frisky. If you ever come near here, come over to see me. I think you will feel repaid for your trip. There is more 'git up and go' to this little place than Paris ever dreamed of."

The steps will run out 12 feet farther, with two rests, 14 1/2 inch tread and 6 inch rise. The steps that lead from the street to the yard will be of same dimensions with one rest. The change will not cost near the amount as some argued it would. It will not exceed \$2,000. Estimate of School Fund.

State Auditor Hager's estimate of the resources of the school fund for the fiscal year ending June 30, 1906, is \$2,420,879.80. It is probable that on this showing the per capita will be fixed at more than three dollars for the year. It was \$2.95 for the last school year. The increase will be caused by a reduction in the number of children of school age.

Since the above was put in type the per capita has been fixed at \$3.25 for this year, the highest amount ever reached in this State.

Free for All Fight.

On Wednesday, a free for all fight took place on Sycamore Street, and had it not been for prompt response to telephone message by Officer Ben Bishop it would have, no doubt, resulted seriously to several of the participants. Officer Bishop landed five of them behind the bars. It was started by negro women and the men started at first to separate them and got to fighting themselves. We are informed that war has been declared against the occupants of a number of houses on this street by the police court officers, also against the owners of the houses who persist in renting their property to such persons.

"TAKING HIS MEALS OUT."

Hurried eating has ruined many a man's stomach. The digestion-destroying process is gradual, often unnoticed at first. But it is only a short time until the liver balks, the digestive organs give way, and almost countless ills assail the man who endeavors to economize time at the expense of his health.

A torpid liver causes a quarantine of the entire system. It locks in the diseased germs and body poisons and affords them full play, inviting some serious illness.

In families where August Flower is used, a sluggish liver and constipation are unknown, so are all stomach ailments, as well as indigestion, dyspepsia, heartburn, headaches and kidney and bladder affections. No well-regulated family should be without this standard remedy.

STOCK AND CROP.

—In Clark Col. H. P. Thompson has 90 acres in tobacco and over 80 in navy beans, and both promise an immense yield.

—Warren Dennis, of Scott, shipped a carload of lambs, for which he received \$7.85 for tops. He also sold 20,000 pounds of wool and 150 tons of hemp.

—Kansas has dropped her estimate of a wheat harvest from 100,000,000 bushels to 80,000,000 bushels. Wind, drouth and black rust are the factors which have lowered the estimate.

—Eight noted Kentucky bred stallions left here yesterday afternoon for Japan, and will be used in the royal stud of the Japanese Government. They were purchased by B. Hiosawa and T. Hayashi, who were sent to Kentucky and America to buy horses for breeding purposes in Japan. Steve Burbridge, of this county, sold them his fine stallion, Ashland 2:24½, for \$1,000.

KENTUCKY CROP REPORT.

The U. S. Department of Agriculture make following crop report for Kentucky of week ending July 11th:

The past week has been very much a repetition of the week preceding; showery weather with normal temperature, favorable for general growth, but impeding cultivation, harvesting and threshing. Rain occurred quite generally every day but two.

The wheat crop is about cut and threshing is in progress in all sections of the State. Wheat was damaged in the shock to some extent, but reports where threshing has been done are that the yield is very good and the quality most excellent. Threshing has been greatly hindered by the continued rains, while a good many fields of ripe wheat were ruined before they could be cut.

Corn is growing nicely, though uneven in many localities. A good deal of the crop has been laid by in fine condition, but there is yet a large portion badly in need of cultivation. It is generally tasseling out and the early planted silking.

The tobacco crop, on the whole, is doing well, though many fields are weedy and it has been too wet for cultivation. It has had too much rain and there is complaint of frenching. Topping has begun.

Oats are being harvested and are a fine crop; the heads are well filled, but stock short. Rye is about all cut and is an excellent crop.

Grasses and meadows are in excellent condition. Hay harvesting is in progress, but much retarded by rains; this has become serious to clover, as it is ripe for cutting and unless saved soon will be lost; the second growth has appeared. Timothy is very heavy.

Helped Him Out.

"Peter," said a grocer to his shopman, "I owe about \$1,500."

"Yes, sir."

"I have \$1,000 in the safe, but the shop is empty. I think it is the right time to fail."

"Yes, sir," said the courteous shopman.

"But I want a plausible pretext for my creditors. You have got brains, and I wish you'd think the matter over to-night."

The shopman promised to think it over carefully.

On entering the shop next morning the grocer found the safe open, the money gone, and in its place a note which ran as follows: "I have taken the \$1,000 and am off for Europe." It is the best excuse you can give your creditors."

BITS OF BY-PLAY.

THE CAUSE OF IT.

Angry Wife—It seems to me we've been married a century. I can't even remember when or where we met.

Husband (emphatically)—I can. It was at a dinner party with thirteen at the table.

IN PROPORTION.

Waiter—Pardon me, sir, may I ask why you use that magnifying glass?

Customer—I want to make this stake seem natural size.

Waiter—Then will you be good enough to lend me the glass? I'd like to look at that last tip you gave me.

THE USUAL WAY.

Dashaway—I'm afraid I'll never get my ring back from that Piper girl.

Clevertown—Why, I thought she was a peach.

Dashaway—She is, but of the cling-stone variety.

A NEW DYE.

Kitty—Say, Pa, I want to dye my dollie's dress red. How much beer will it take?

Pa—Beer! Why, beer won't dye things, child.

Kitty—Oh, yes it will. I heard Ma say it was beer that made your nose red.

PROTECTED.

Mamma—What's the matter with the baby?

Papa—He was playing around the piano and fell and bumped his head against one of the pedals.

Mamma—Poor little dear. Is he badly hurt?

Papa—Oh, no; fortunately he struck the soft pedal.

STILL OF THE SAME MIND.

"Before we were married," he complained, "you used to say there was not another man in the world like me."

"Yes, and now," replied the wife, "I know there isn't."

GUARD AGAINST GERMS.

Keep Well By Strengthening the Stomach in Summer With Mi-o-na.

In time of war the most responsibility rests upon the guard. If he is lacking in vigilance, disaster can easily overtake the army.

With the individual life, the stomach may well represent the "guard" against sickness. If it is strong and vigilant, any disease germs that may be swallowed will be neutralized by the digestive juices, or else driven from the system.

Everyone with weak digestion should use Mi-o-na at this season and so strengthen the stomach that disease germs can have no effect whatever. This remarkable remedy puts the whole digestive system in so healthy, clean and sweet a state that

fermentation of the food cannot exist, that any disease germs which may enter the stomach will be destroyed, and food will be so readily assimilated that a rapid and healthy increase in flesh will result.

Nervousness and sleeplessness come more often from a weak stomach than from any other cause; headache, backache, and rheumatic pains are directly caused by an acid condition of the stomach. Mi-o-na corrects all this, prevents the formation of acids, and nervousness, kidney trouble or rheumatism, is quickly cured.

Ask Clarke & Co. to show you the guarantee under which they sell Mi-o-na. Price 50 cents. It costs nothing unless it cures.
